The new generation.

Not all campervans are created equal. The new generation Twins bring genuine innovation to the campervan user. The living space and the cabin are now integrated without barriers, this new ‘cabin-loft’ design bringing more space and headroom, with a more motorhome like feeling inside. Complemented by all-new interiors, new features and layouts means it’s time to escape the ordinary.
**Designed for living**

**DETAILS MATTER.** Our Vans are designed for living, where the details matter and every centimetre counts and where everything is in the right place.

1 | LIVING
Contemporary interior design and a wide choice of layouts, furniture and textiles, with a new choice of soft furnishings.

2 | KITCHENS
Intelligently-designed kitchens, with style and functionality, matched with the best appliances.

3 | BEDROOMS
A wide choice of sleeping solutions, easy to access large beds, with comfortable mattresses.

4 | BATHROOMS
A wide choice of bathroom solutions, all with quality fittings and touches of luxury.

5 | STORAGE
Large garages and optimized storage throughout, with places for all the things you need.

6 | MULTI-MEDIA
Smart living solutions.

*Some features may not be available on all models. Please check www.adria-mobil for individual model specifications and technical details.
The new generation Twins maybe based on the familiar Fiat Ducato (Plus & Supreme models) and Citroen Jumper (Axess models) but inside the high specifications, exclusive features, use of space and new layouts lets you escape the ordinary.

Designed to perform
WE DO THINGS DIFFERENTLY

There are many brands of campervan available but choose an Adria where everything is meticulously designed, developed and tested to ensure your safety, comfort and enjoyment. Designed to perform with ten key reasons why we do things differently.

1. INTELLIGENT DESIGN
   Designed with seamless integration of interior space and a wide choice of new contemporary interiors, layouts and exclusive features.

2. BASE VEHICLES
   Perfect integration with the base vehicle, with a choice of Fiat and Citroen or choose the Renault Trafic based Active MPC.

3. BODY CONSTRUCTION
   Strong and robust body construction with a 7 year Water Ingress Warranty.

4. HEATING
   A choice of Truma plus optional Webasto on selected models. All our campervans are designed to eliminate thermal bridges or ‘cold spots’ and are tested to extreme temperatures in our own climatic chamber.

5. INSULATION
   Adria’s ‘Thermo-build’ standards, with the latest thermal insulation materials, sophisticated heat and air-flow management and the best heating.

6. AIR-FLOW
   Adria’s sophisticated Air-Flow System means every vehicle has integrated air-flow and ventilation designed in.

7. WINDOWS & DOORS
   Adria exclusive new Sky-roof windows on Twin Supreme models. All windows and doors are integrated for optimum lighting, ventilation, privacy and security.

8. FURNITURE & STORAGE
   Craftsman built cabinetry integrated with heating and air-flow for optimum thermal efficiency. Plenty of flexible storage in every vehicle too.

9. COMFORT
   The combination of contemporary interior design, optimized space, functionality and ergonomically designed living spaces.

10. CUSTOMER SERVICE
    Class-leading 2 Year General Warranty and 7 Year Water Ingress Warranty as standard, a dealer network of over 450 dealers and an efficient after sales parts service, with roadside assistance, where provided by the basic vehicle manufacturer.

*Some features may not be available on all models. Please check www.adria-mobil for individual model specifications and technical details.
CLIMATE CONTROL

Adria Twins can be used all year round and offer Truma heating, combined with Adria ‘Thermo-build’ standards of insulation and air-flow management for perfect comfort.

INSULATION. All Adria campervans are built to our ‘Thermo-build’ standards with advanced insulation materials, heating design and air-flow with no ‘cold spots’ and a pleasant controllable comfort, all year round.

AIR-FLOW MANAGEMENT. Adria’s integrated Air-Flow System for ventilation and the optimum circulation of air, cooling and heating.

AIR-CONDITIONING. Adria Twins can also be ordered with factory or dealer fit air-conditioning options.

HEATING. Optimized heating efficiency with precise engineering and cold-chamber testing ensuring all season use. Truma heating, plus optional Webasto on selected models. You can also order optional electrical floor heating on selected models.

All vehicles are subject to climate chamber testing.

*Some features may not be available on all models. Please check www.adria-mobil for individual model specifications and technical details.
VEHICLES

PERFECTLY INTEGRATED. Designed and engineered to integrate with the base vehicle and driving is a pleasure, with powerful efficient engines and advanced driver aids.
