ADRIA MACH

For an easier,
more comfortable life.

Advanced app now offers clever remote control of all important functions and even more comfort when inside. Adria MACH provides intuitive insights into your energy and water supplies, large caravanning POI database and many extras.

How? Simple!

What MACH can do for you:

Mobile Artificial Intelligence Communications Hardware

Simplify your life:

REMOTE CONTROL OF IMPORTANT FUNCTIONS

Lights, heating, cooling, battery, water, gas, fridge ... (with statistics and prediction).

MANAGE YOUR VEHICLE

Interactive and intuitive manuals, levelling information (angle-accelerometer), key technical data ...

NAVIGATION & POI.

Nearby refilling points suggestion and large POI database (Adria dealers, camps, parking spots, restaurants, landmarks ...)

MOBILE OFFICE

Wi-Fi hotspot functionality (access to web, listening to IP radio, watching IP TV ...)

Some real-life situations where MACH proves its worth.

AIR-CONDITION CONTROL.

Hot day and you are on the beach. Before you head back to your caravan, you **turn on the AC** and step into a perfectly cooled environment.

LIGHTS CONTROL.

Quiet evening and you're reading the book in front of your caravan. You really don't feel as going inside to **turn on/off the lights**. You can do it with your phone!

LEVELLING.

You arrived at a nice spot and all you need is to well-balance the vehicle. Mach features an **angle meter** and an accelerometer to help you fix this quickly.

INSTRUCTIONS.

Sometimes you need to find a specific valve, change something, fix or check some other thing. No need to list through the printed instruction manual. MACH's got you covered with **intuitive instruction**, tailored to your product layout.

HEATING CONTROL.

Nice skiing day in the alps. Before the last run you **increase the heating temperature** and really feel like at home in your motorhome from the get-go.

GAS LEVELS.

After a cold night, you wonder how much gas you've got left. MACH will **calculate precisely** when you will run of it.* MACH offers same help for electricity and water.*

*optional functionality.

POINTS OF INTEREST.

MACH comes with a huge database of **camps, stops, restaurants, landmarks and Adria dealers** of course. Wherever you need to go, MACH will show you the way.
